Zionism and the "Holocaust"

We shall see below how, consequently to any actions **and/or** planning **and/or** declarations of Jews **and/or** in their names, by some or all of the Zionist organizations against the nations - by provoking them through mass immigration by force (the Jews are warned and sworn to refrain from these actions), injury was bestowed upon the entire Jewish population, each time for the worse! If this relationship of "cause-effect" was a one-time, an atheist could think that this is a coincidence rather than **a result**, but after 3 times it is already a kind of determinism that is the response of an outcome. One must be quite delusional to claim that this is commentary or coincidence. Even in the Nirim-community of the declared "secular" Hashomer Hatzair, it took three times of heavy damages while working on Yom Kippur for them to realize they had been damaged as **a result** of their work on this day - as told to me by the manager of harvesting.

The "Ma'apilim" (Jews who wanted to enter Eretz Yisrael before its right time) in the Sinai Desert were a symbol of rebellion against the Divine Will, and it is therefore understandable why this concept was chosen through Zionism as a description of the illegal immigration to the Land of Israel. In tractate Ketubot (page 111.), the above oaths were laid down - "that they shall not rise up in the wall" (Rashi - "together with a strong hand") and that "they should not rebel against the nations" **and moreover "the nations of the world are sworn** not to hurt the Jews more than necessary".

The punishment for this is known - **"G-d said to Israel, If you fulfill the oath it will be good, if not, I will let go of your flesh as armies and elves of the field"** (ibid). G-d will cause Gentiles to enact laws that endanger the flesh of the Jews. In 1882-2020, the Zionist movement began to rebel against the Arabs and later the British Empire - by encouraging mass immigration, by preventing work from Arabs, by harassing their trade, and especially by Zionist youth-marches to the Western Wall. **The result** was waves of anti-Semitism throughout Europe and especially Germany, and from 1920 the Arabs in our country started to riot against the Jews. "In the events of 1929, 133 Jews were killed and 339 were wounded, and communities throughout the Land of Israel were abandoned and destroyed" (From the Weekly – 471, י' ניסן, תשע"ז).

In 1922, the "White Paper" series begins to prevent waves of immigration and the reduction of Jewish living space in Israel.

On February 26, 1932, Jabotinsky challenges and calls for the readers of his newspaper, "Hint", to belittle the British ban on emigration to Israel (Ben-Gurion belatedly joins this call and writes in his diary about the "rebellious Zionism"). **The result** is that Hitler immediately organizes abuse against the Jews through his "sports brigades." In 1933, the Zionist movements begin to institutionalize their war under the banner of "Aliyah in the wall." - Hitler's Nazi party came to power in 1933 and Hitler became prime minister (chancellor), a position that still lacks actual power. In 1934, the "Chalutz" and "Beitar"-movements began to operate, and on 2.8.34 an order was issued for the unification of the positions of prime minister and president, so that Hitler became the omnipotent leader in Germany - Fuhrer. Consequently his party came to absolute power (these dates appear in all the Holocaust-related studies, see, for example, Shirer's book "The Rise and Fall of the Third Reich") and offer him the possibility of implementing the "Final Solution" for the liquidation of European Jewry in the manner permitted by The law in the Reichstag - "... I permit your flesh as the armies and deities of the field".

As of 1935, the Germans begin to plan their Final Solution meticulously and in stages, initially by inciting the Nazi party that Jewish blood is outlawed and permissible and even proper to pour it. This legality is supported by the Nuremberg Laws of September 15, 1935, and the operation of the Final Solution is announced by Reinhard Heydrich, head of the Security Police, at the end of the Gross-Wannsee Conference on 20.1.42. The punishment prescribed in the garden of violating the oath not to provoke the nations - "I hereby permit your flesh as armies and the echoes of the field," was not long in coming! At the beginning of 1944, a mere month after establishing the Jewish Brigade, twenty thousand Hungarian Jews were executed under the auspices of the local government.

It should be noted that in 1944 the Jews of Hungary constituted the largest and only Jewish concentration remaining in Europe, which still did not suffer from the suppression of the Nazis in the ghettos and concentration and extermination camps. In 1944, Horthy, the leader of Hungary, sent a

first transport of Jews to Auschwitz. On 7-8.44 Horthy stops the transports, a time-out from G-d to the Zionists, which may stop their provocation against the Nazis, but on 20.9.44 the "Jewish Brigade" is established. **The result** - in that month Horthy is removed from power and replaced by the Hungarian Nazi Party and begins to send the Jews to Auschwitz on death trains on 15.10.44 and the decision is made in September of that year to liquidate the giant Lodz ghetto and send the Jews away to the gas chambers. A lot has been written about this subhuman behavior of the heads of Zionism to prevent the rescue of millions of Jews during the Holocaust. The depth of the depression in this behavior can be seen in the failure to rescue the 800,000 Jews of Hungary and another 200,000 Jews from surrounding countries. One of the most prominent figures in this failure is the person who was later appointed as a clerk in the Ministry of Finance in the State of Israel, Kasztner. When he was charged with the famous Kasztner-trial, the Supreme Court together with the government of Israel join forces to acquit him, as his accusation was that of the entire Zionist leadership in the prevention of rescue. Later it was also proven that he gave a false testimony at the Nuremberg trials to acquit the arch-murderers Kurt Becher, Kromai, Colonel Von-Wishtzilini and Junter from deathrow.

The leaders of Zionism at the time, headed by Nahum Goldmann, president of the World Jewish Congress, came to him to censor and blur some of these accusations in his book. Even after he censored the book a little and dropped comments on their humiliating conduct, the censorship of the State of Israel prevented the appearance of the book in our country for many years. Kasztner was finally liquidated by a Jew, as he was killed in the war of 1948, commander of the hut, the cruel Jew from the death camp - Greenboim, who was the son of the person who was appointed Minister of the Interior in the Israeli government.

There are also known acts of silencing against the exposure and publication of the Holocaust in real time by the leaders of Zionism and evidence has already been presented in other books (see "On the Mission of the Condemned to Death" - Yoel Brand, "The Man of the Straits" - Michael Weissmandel, and "Dori, "edition 6, p. 99:" Professor Akzin: The Zionists, the Jewish Agency, and the JDC refrained from publishing in the American press the extermination of the Jews "). In Kasztner's trial, it was also proven that he testified in favor of the murderer Kurt Becher in the Nuremberg trials and thus saved a hanging terrorist.

The basic condition for the success of the rapid extermination of the six million was the collaboration of this mass murder by a "fifth column" of the Jewish people itself, as the Nazi colonel Von Weselzini admitted, "Our method is to exterminate the Jews by themselves. We concentrate the Jews in the ghettos - through the Jews: We expel the Jews by means of Jews and we kill them with gas - by the Jews" (from the book "Kach", page 109). All the studies on the composition of this "fifth column" concluded unequivocally that the "Jewish police", the "kapos", etc., were composed almost entirely from the ranks of the Zionist parties and the Bund and others who belonged to the "maskilim" who used humanity, as in the past the Germans used academic and Jewish academics, to smash the lies of our spiritual assets.

The second holocaust: the rebellion against the Arabs, the establishment of the state instead of autonomy (as agreed upon at the meeting of King Feisal with the representative of Rabbi Sonnenfeld who was the rabbi of Jerusalem, and Professor DeHan, who was thwarted by his murder, and Yitzhak Ben Zvi, who was later appointed President of the State). **The result:** Since the founding of the Zionist Hashomer organization with Yitzhak Ben-Zvi as one of its founders, there has been over a hundred years of war, the longest in history, whose end is never seen! In the course of it, many battles, accidents and suicides in the army, hostile acts **and the transformation of most of our country's Jews into Reform Christians** (through an educational system dominated by foundations and sub-structures of thought). **And the continuation** - encouraging mass assimilation in our country that is hidden and of course not reported, as well as millions of Jews who were educated to disengage from their Jewishness and religion and indeed went down and left the Land of Israel and mostly assimilated with non-Jewish women.
